Assistant General Counsel for Covert Affairs

Payments to Retirement Fund for Prior Service

1. Attached is a proposed letter to establish a procedure for handling payments to the Civil Service Commission of employees who are presently on the unvouchered rolls who wish to make deposits for prior service, either covering those situations where refunds have been received or where no deductions were made for such prior service.

2. The conference mentioned in the letter was attended by Mr. [redacted] and myself and attending for the Retirement Division of CSC were Mr. W. B. Irons, Chief, Retirement Division; Mr. R. E. Findlay, Accountant; Mr. John A. Talbort, Legal Advisor; and Miss Maude Carter, Assistant Chief of Division in Charge of Claims.

3. The members present for the Civil Service Commission were completely cooperative and helpful in working out the details of this procedure. It appears that this is the optimum security that we can obtain. It is felt that the only weak link is the oral statement to Mr. Findlay that the employee whose Form 103 is being submitted is employed by CIA. However, there is no written record associating the employee with CIA. You will note the concurrences of appropriate offices on the attached routing slip.
